Course Description:

Dreamweaver CS5: Basic, ACA Edition, is part of a two-course ILT series, which is designed to help students prepare for the Adobe Certified Associate exam for Dreamweaver CS5. In this course, students will learn how to use Dreamweaver CS5 to create and modify Web sites. Students will learn how to plan and define a Web site; create pages and format text; define structural elements; create and apply CSS style rules; insert and modify tables, images, and links; test and manage Web site files; and publish a site.
