**Course Description:**

InDesign CS5: Advanced, ACE Edition, is part of a three-course ILT series, which is designed to help students prepare for the Adobe Certified Expert exam for InDesign CS5. This course builds on the fundamentals taught in InDesign CS5: Basic, ACE Edition. Students will start by learning how to create complex document structures, create tint and gradient swatches, and use object libraries and snippets to work more efficiently. Students will then learn how to create vector paths and wrap type on a path. Students will also learn advanced typography and composition techniques. In addition, they'll will work with graphics, object styles, tables, special characters, the Story Editor, and with the CS Review panel. Finally, students will learn how to manage long documents.
