Format: Instructor-Led

Project Management Program

Course Description: This comprehensive 5-day course will have you exam ready, containing over 300 pages of material including test prep, as well as the the PMBOK 4th Edition as a reference guide. At the end of this course you will know the material to master the PMP exam, and as an added bonus, every student also receives a complementary 30-day subscription the to the MeasureUp PMP test prep (over 600 questions).

Target Audience: The target student for this workshop is a project manager beginning to prepare for the PMP(r) certification exam or one who wants a capstone for preparation.

Course Materials: Each student will receive:

- A copy of the PMBOK (Fourth Version)
- Study guide

At Course Completion, students will be able to:

- Prepare participants to successfully take the PMP(r) exam
- Introduce participants to the methods and tools of project management contained within the PMBOK(r) Guide, 4th Edition
- Provide an overview of the changes between the 3rd and 4th Editions so that participants can prepare for the exam either prior to or after June 30, 2009
- Provide students with ample opportunities to assess their readiness for the exam with module quizzes and a sample exam
